

WHEEL HUB, BRAKE DISC AND DRUM BRAKE HOLDER TROLLEY

NEW

IT FITS 8- OR 10-BOLT WHEEL
HUBS

- Professional trolley designed for the assembly and disassembly of wheel hubs, brake discs, and drum brakes on heavy-duty vehicles.
- Suitable for all types of buses, lorries and industrial vehicles, ensuring maximum versatility in workshop operations.
- Equipped with a removable integrated winch, it enables safe, precise and controlled lifting and lowering of brake discs, with the aid of a clamping vice.
- For drum brake servicing, a dedicated kit is available as an optional extra.
