

UNLOCKING TOOL SET FOR ELECTRICAL PLUG FOR VAG

VAG

Optimal for tight spaces!

- Suitable for most VAG, Audi and Porsche push and pull connectors known as FEP connectors
- Its ingenious design allows you to unlock all common automotive connectors from 1 to 14 pins with type 1 and all common automotive connectors from 1 to 10 pins with type 2.
- Particularly suitable for disassembly in very narrow and inaccessible places in the engine compartment.

Note

Do not use with CPA (Connector Position Assurance) connectors.
